Wordpress Plugin Developer

I started developing plugins for Wordpress in 2017 and most of the plugins I developed were for debugging customers' websites. I have worked and develop plugins for famous and popular plugins like:

Woocommerce, Dokan, Advanced Custom Fields, Gravity Forms,

WPML, EDD, Visual Composer, Elementor, etc.

In my wordpress.org profile, you can find some plugins I developed.

SUMMARY

I was born in March 2000 and started working on computers from 7 years old. In 2017 I started working by PHP and develop plugins for Wordpress and use the Phalcon PHP framework to create admin panels and APIs.

From February 2020 to July 2020 I worked for the health center of my city on the IT manager side.

You can find some of my works in wordpress.org, github.com, parscoders.com and ponisha.ir.
